Dear members,
السلام عليكم ورحمة الله وبركاته

We have received your invitation to participate in the celebration of the centennial of your association and thank you from the bottom of the heart.

Can we say looking at the state of the world today that our predecessors were already one hundred years in advance! By the grace of God, the sense of responsibility, with a deep faith, made that generations who travelled this century have been able to perpetuate, with patience and endurance, the vitality of this legacy.

Do not forget in our invocations all these brothers and sisters who preceded us. That God covers of his infinite mercy and accepts their efforts for the benefit of the community.

You now need to continue to operate these tools of solidarity in the name of your faith and your religion.

For us, whose parents and grandparents are from this village, we who live in Europe and America, it is important to know that the village of our ancestors is the link of our diaspora around the world, living a ferment of our brotherhood.

It gives us the strength to live the values of solidarity and mutual assistance. Would not remain at the stage of the speech, but really to live it and transmit it to our turn to future generations.

Be assured, dear sisters and brothers that our thoughts are with all those which are committed every day to live these values.

It is a great honour for us, Kholvadians of Réunion Island to share this moment with you at least with our most sincere thoughts. We would have been happy to move a delegation for this occasion, but unfortunately, lack of availability, we could not do so, to our great regret.

Muslims around the world face today have enormous difficulties due to misunderstanding and sometimes hatred with a base ignorance. But in these testing times, with our ancestors we have learned to not be victims or to lower the head, but rather to be contributing citizens in societies where we live.

It is for this reason in my opinion that we have always developed this sense of responsibility that have made for many of us pioneers in their country in various subjects.

Re : Message of support

The ANC conveys warm congratulations to the MADRESSA ANJUMAN ISLAMIA OF KHOLVAD (MAIK) SOUTH AFRICA for its Centenary Celebrations taking place on 30th March 2014.

The MAIK has played a significant role in the struggle for the liberation of oppressed South Africans and contributed towards the need for building of a non-racial, non-sexist and united South Africa. We particularly wish to acknowledge the role played by Dr. Dadoo, one of the influential and progressive members of the Kholvadian Community. Dadoo sought to create unity amongst the oppressed and the now revered DADOO, NAIKER, XUMA. Fact is testimony to the role he played.

Yours faithfully

Jessie Duarte (nee Dangor)
Deputy Secretary General
